- Faculty Members
- All Management Learners

www.ManagementStudyGuide.com
about Us

ManagementStudyGuide.com is an Educational Portal launched in 2008 with a vision of helping Students and Corporate people worldwide. Get new vision from a faculty that encourages students to look beyond the books and discover the subject with exploratory learning. Learning at MSG is highly practical and directed towards the needs of the industry as it is regularly updated by the MSG experts.

Managementstudyguide.com prepares you for a vibrant job environment through our expert-written, downloadable resources that deliver training on personality development, negotiation skills, business communication skills and other soft skills concepts with a practical, easy-to-read, easy-to-use approach.

MSG Team

ManagementStudyGuide.com is a collaboration of the best minds in education. MSG Team is a team of Expert Writers who write content for this website. These writers are people with specialization in different fields of Management and include - Professors, Trainers, Instructional Designers and Subject Matter Experts. It continues to grow at a remarkable pace.
We can help you if you are:

A Student
ManagementStudyGuide.com teaches you management fundamentals as well as advanced concepts. It helps you to learn how to put theoretical knowledge into practice. You will get exclusive training sessions on academics and self-development strategies which will help you in your studies as well as career.

A Professional
You’ll learn the important communication, team-working and personal effectiveness skills that will help you climb ladders of success.

A Consultant, or Learning and Development Professional
ManagementStudyGuide.com provides you the material that will help you develop your clients or your people, so that they can groom and perform exceptionally well.

An Organization or Institute
Organizations that want to deploy training or support programs quickly and easily – thereby improving leadership, decision-making, communication, and productivity.

Major educational institutes, corporations and government agencies around the world use our material to increase productivity, improve management and leadership skills, and support organizational development initiatives.
